THE GOOD COFFEE MAP is an initiative born from travelling, a passion for good coffee, and the struggle to find it. Every time I visit a new city I always look for the best places to enjoy a good cup of coffee. Not only do I get to meet people and see how every country embraces coffee culture, but finding good places always requires a fair amount of walking. This has become my way of exploring cities - walking from coffee shop to coffee shop, experiencing and familiarising myself with the city between each good (or bad) cup of coffee. In reality, it is not always easy to find a good place, and knowing that there are many people like me, a solution came to mind. THE GOOD COFFEE MAP catalogues and celebrates some of the best places in Vilnius to enjoy a coffee. This handy little magazine provides lots of information about what kind of coffee preparation methods are used in each place, whether you can grab a bite or a dessert, a coffee to go, or even if you can bring a dog with you. Embracing the ever-evolving coffee culture and striving to serve only the best, these restaurants, coffee shops and bakeries represent Lithuania's capital to coffee lovers from all around the world, making it easy to have some great coffee and get to know Vilnius a bit better at the same time.

A close-up photograph of a person's hands cupped together, holding a large quantity of dark brown coffee beans. The person's left forearm has a tattoo of a stylized bird or wing design. The background is a soft, out-of-focus greenish-grey. The text 'TABLE OF CONTENTS' is overlaid in white, bold, sans-serif font in the center of the image.

The Vilnius Coffee Festival, which has developed from the Cafe Cultural Days and Coffee Week events, is moving to a brand-new place - the art factory LOFTAS! A full three days will be dedicated to the fast-growing coffee culture among cafe and restaurant professionals and, of course, coffee lovers. Traditionally, the festival hosts three Lithuanian championships: Barista, Latte Art and Cup Tasting. The new venue will allow the festival to expand, giving participants a chance to meet local coffee

roasters gathered under one Roasters Village roof and discovering the most innovative coffee equipment. Moreover, coffee-lovers will be able to find the best baristas at the official Espresso Bar and the best local coffee brews at the special Brew Bar, and plenty of great coffee varieties and anything related to coffee at the Food Market.
